NURTURE TALENT

YTC is a global organization that provides youth with STEM learning, good citizenship, and recycling practices while bridging the digital divide in the communities where they live, locally, and globally.

OUR TEAM

- David Finkel, President & Founder
- Charlie Killheffer, YTC Club Manager,
YTC Club Website Administrator
Lead instructor
- Mark Lennon, Club Development
- Marilyn Biasiello, Operations Mgr.
- Cynthia Nielsen, CSM - Business Dev.

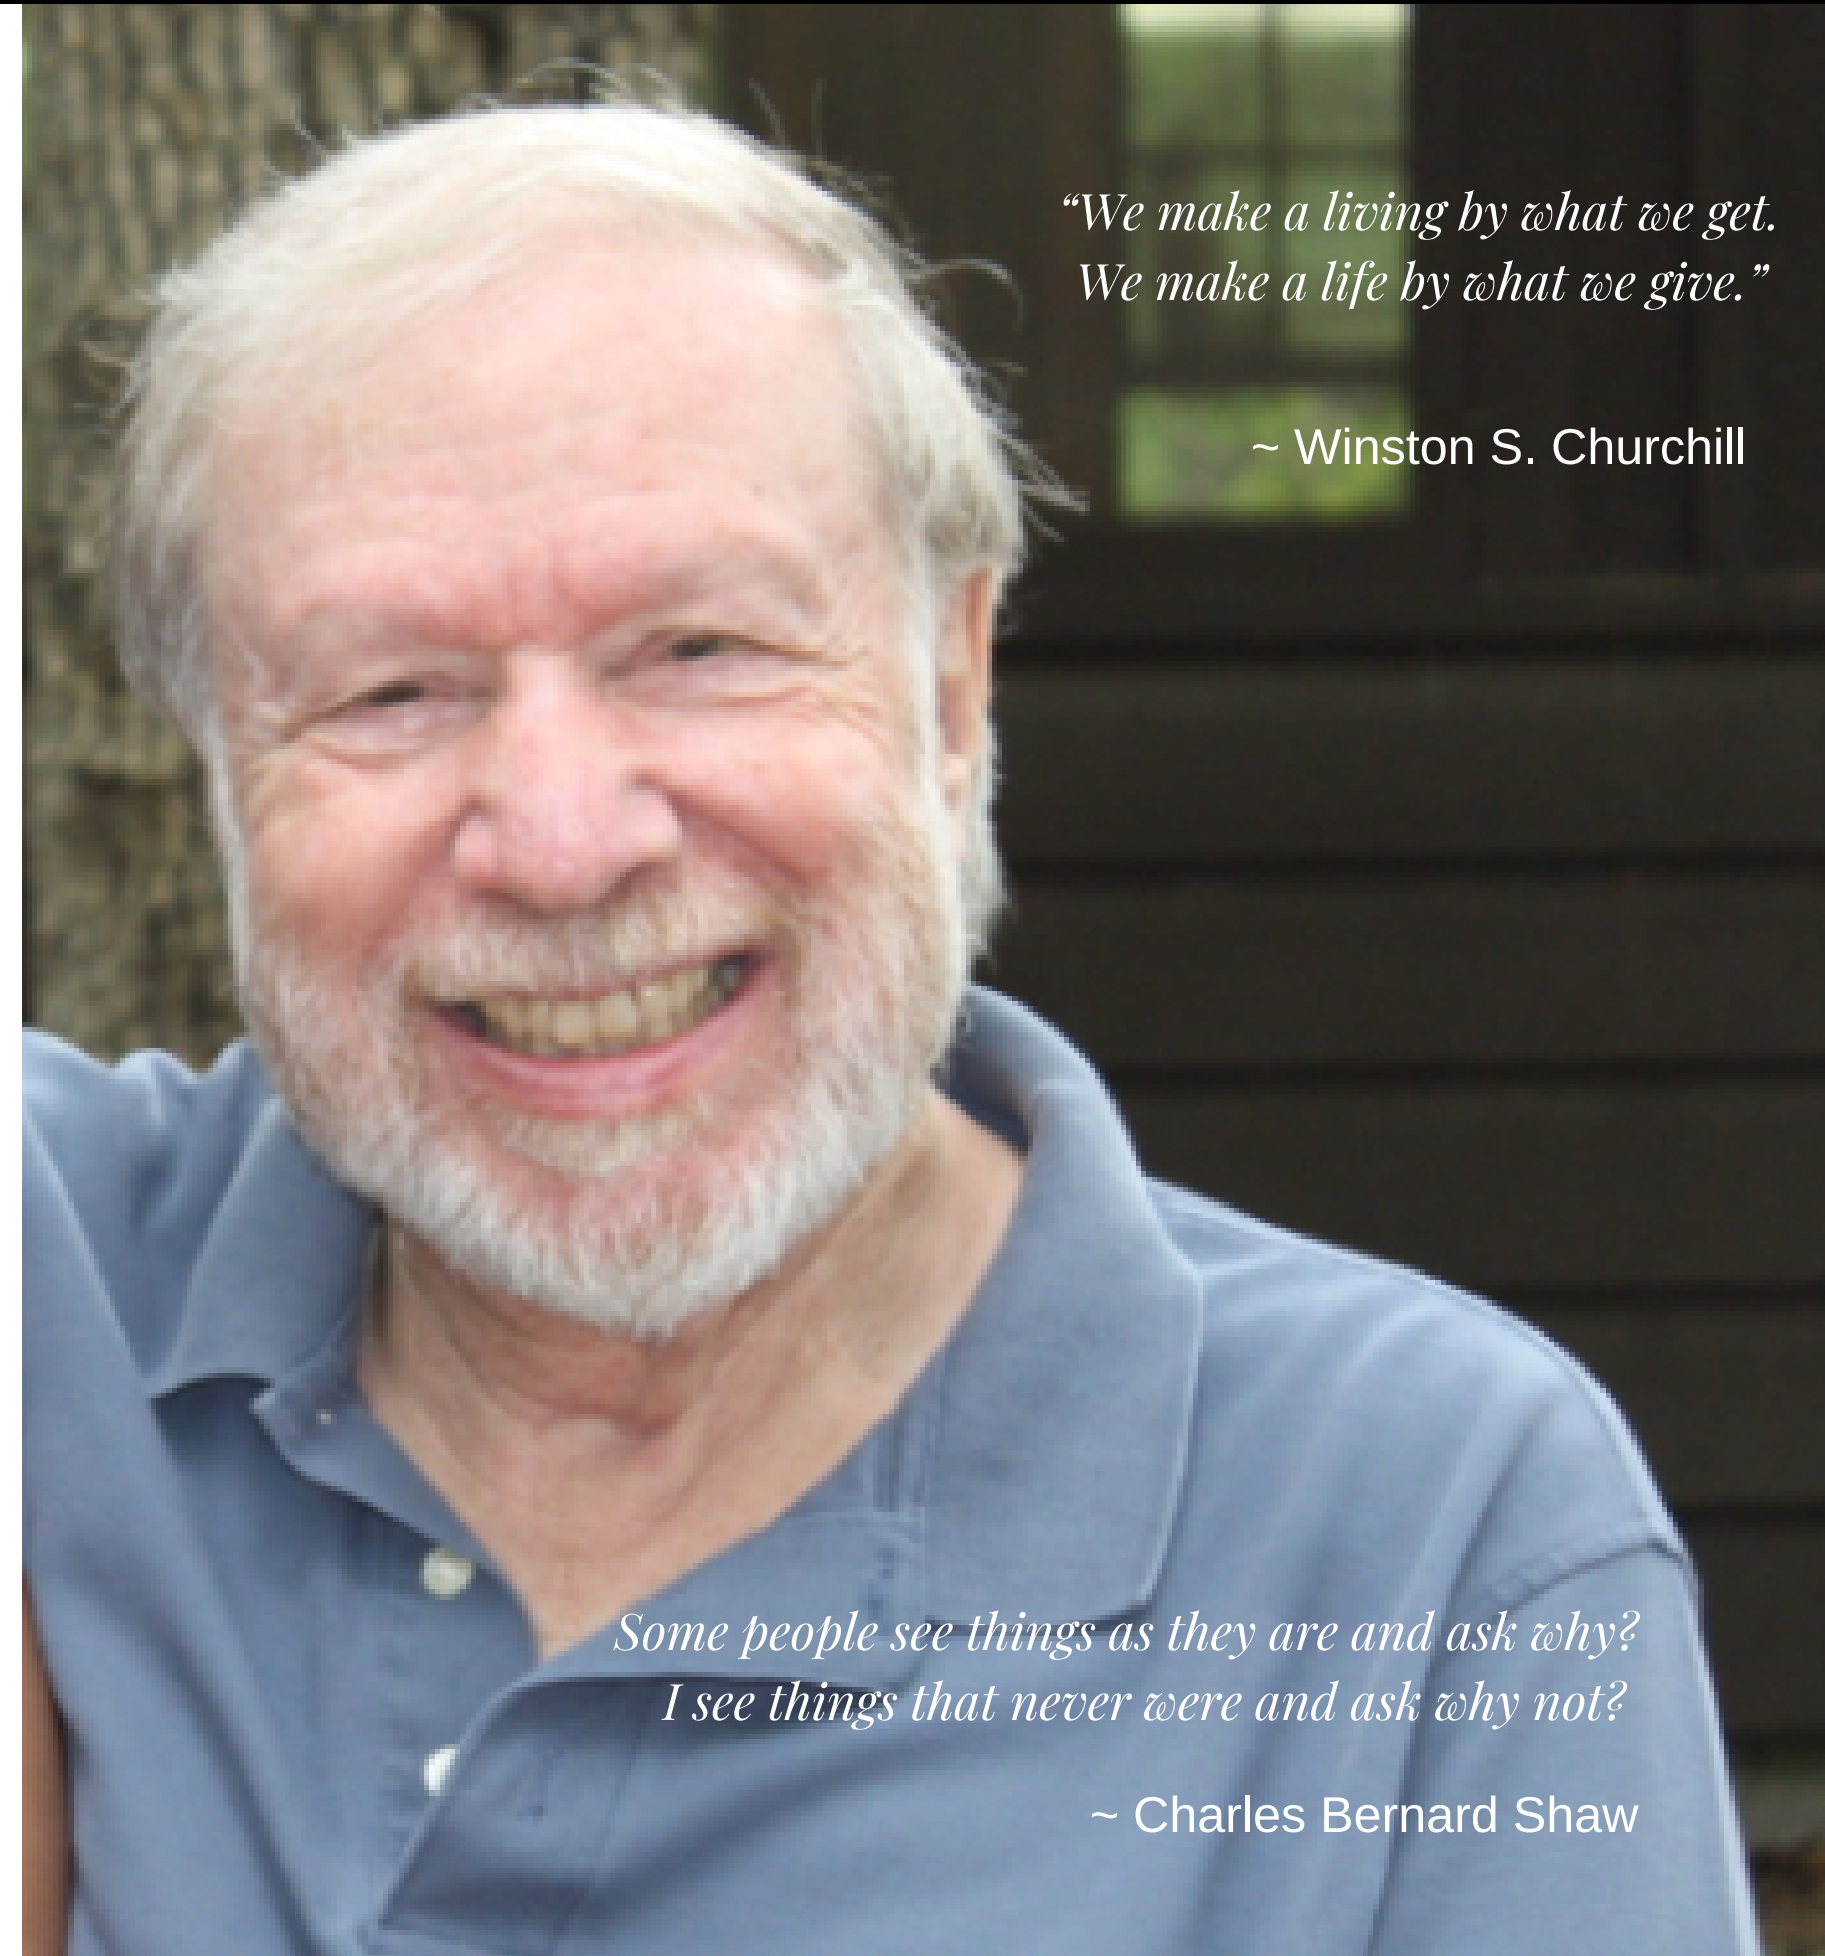

*"We make a living by what we get.
We make a life by what we give."*

~ Winston S. Churchill

*Some people see things as they are and ask why?
I see things that never were and ask why not?*

~ Charles Bernard Shaw

GROWING THE POOL OF FUTURE TECHNOLOGISTS

More than 65% of students will work in jobs that don't even exist today.

YTC prepares them for that future by getting them excited about where technology can take them through hands-on, skills-based learning, and how their efforts can benefit others through community-based advocacy.

“STEM-based industries such as computer science, aerospace, agriculture, clean energy, life sciences and advanced manufacturing are the backbone of our state’s innovation economy. But we can’t take these industries for granted. We need to make sure our education system is keeping students ahead of the curve and providing employers access to a world-class workforce.”

~ JAY INSLEE, GOVERNOR, STATE OF WASHINGTON

INCREASE ACCESS TO STEM BASED LEARNING OPPORTUNITIES

YTC delivers technology-based, workforce development programs through clubs, camps, and competitions that connects to reach thousands of students every year, with a focus on those who are underrepresented in the field today.

- Computer/Robotic Clubs
- Summer Camps
- Tech Competitions

- Computer/Robotic Clubs
- Summer Camps
- Tech Competitions

STUDENT ENGAGEMENT

According to ACT data, not enough U.S. students are equipped for STEM opportunities now or in the future.

YTC provides the means to improve STEM achievement and expand opportunities to increase students' readiness to pursue and succeed in STEM-related careers.

PROMISING PRACTICES

Through a central hub, YTC clubs, camps, and competitions receive access to guidance, curricula, standards, and participation in YTC events.

BUILDING BRIDGES

Connecting Cultures through Technology

YTC has developed the tools, websites, and plans that help schools and communities start and sustain their own YTC Technology Clubs.

- 4 - Chicago Communities
- 1 - Durango, Mexico
- and more coming . . .

"It's a passport to the world. Engineering is that base qualification that can take you anywhere."

~ Regina Moran,

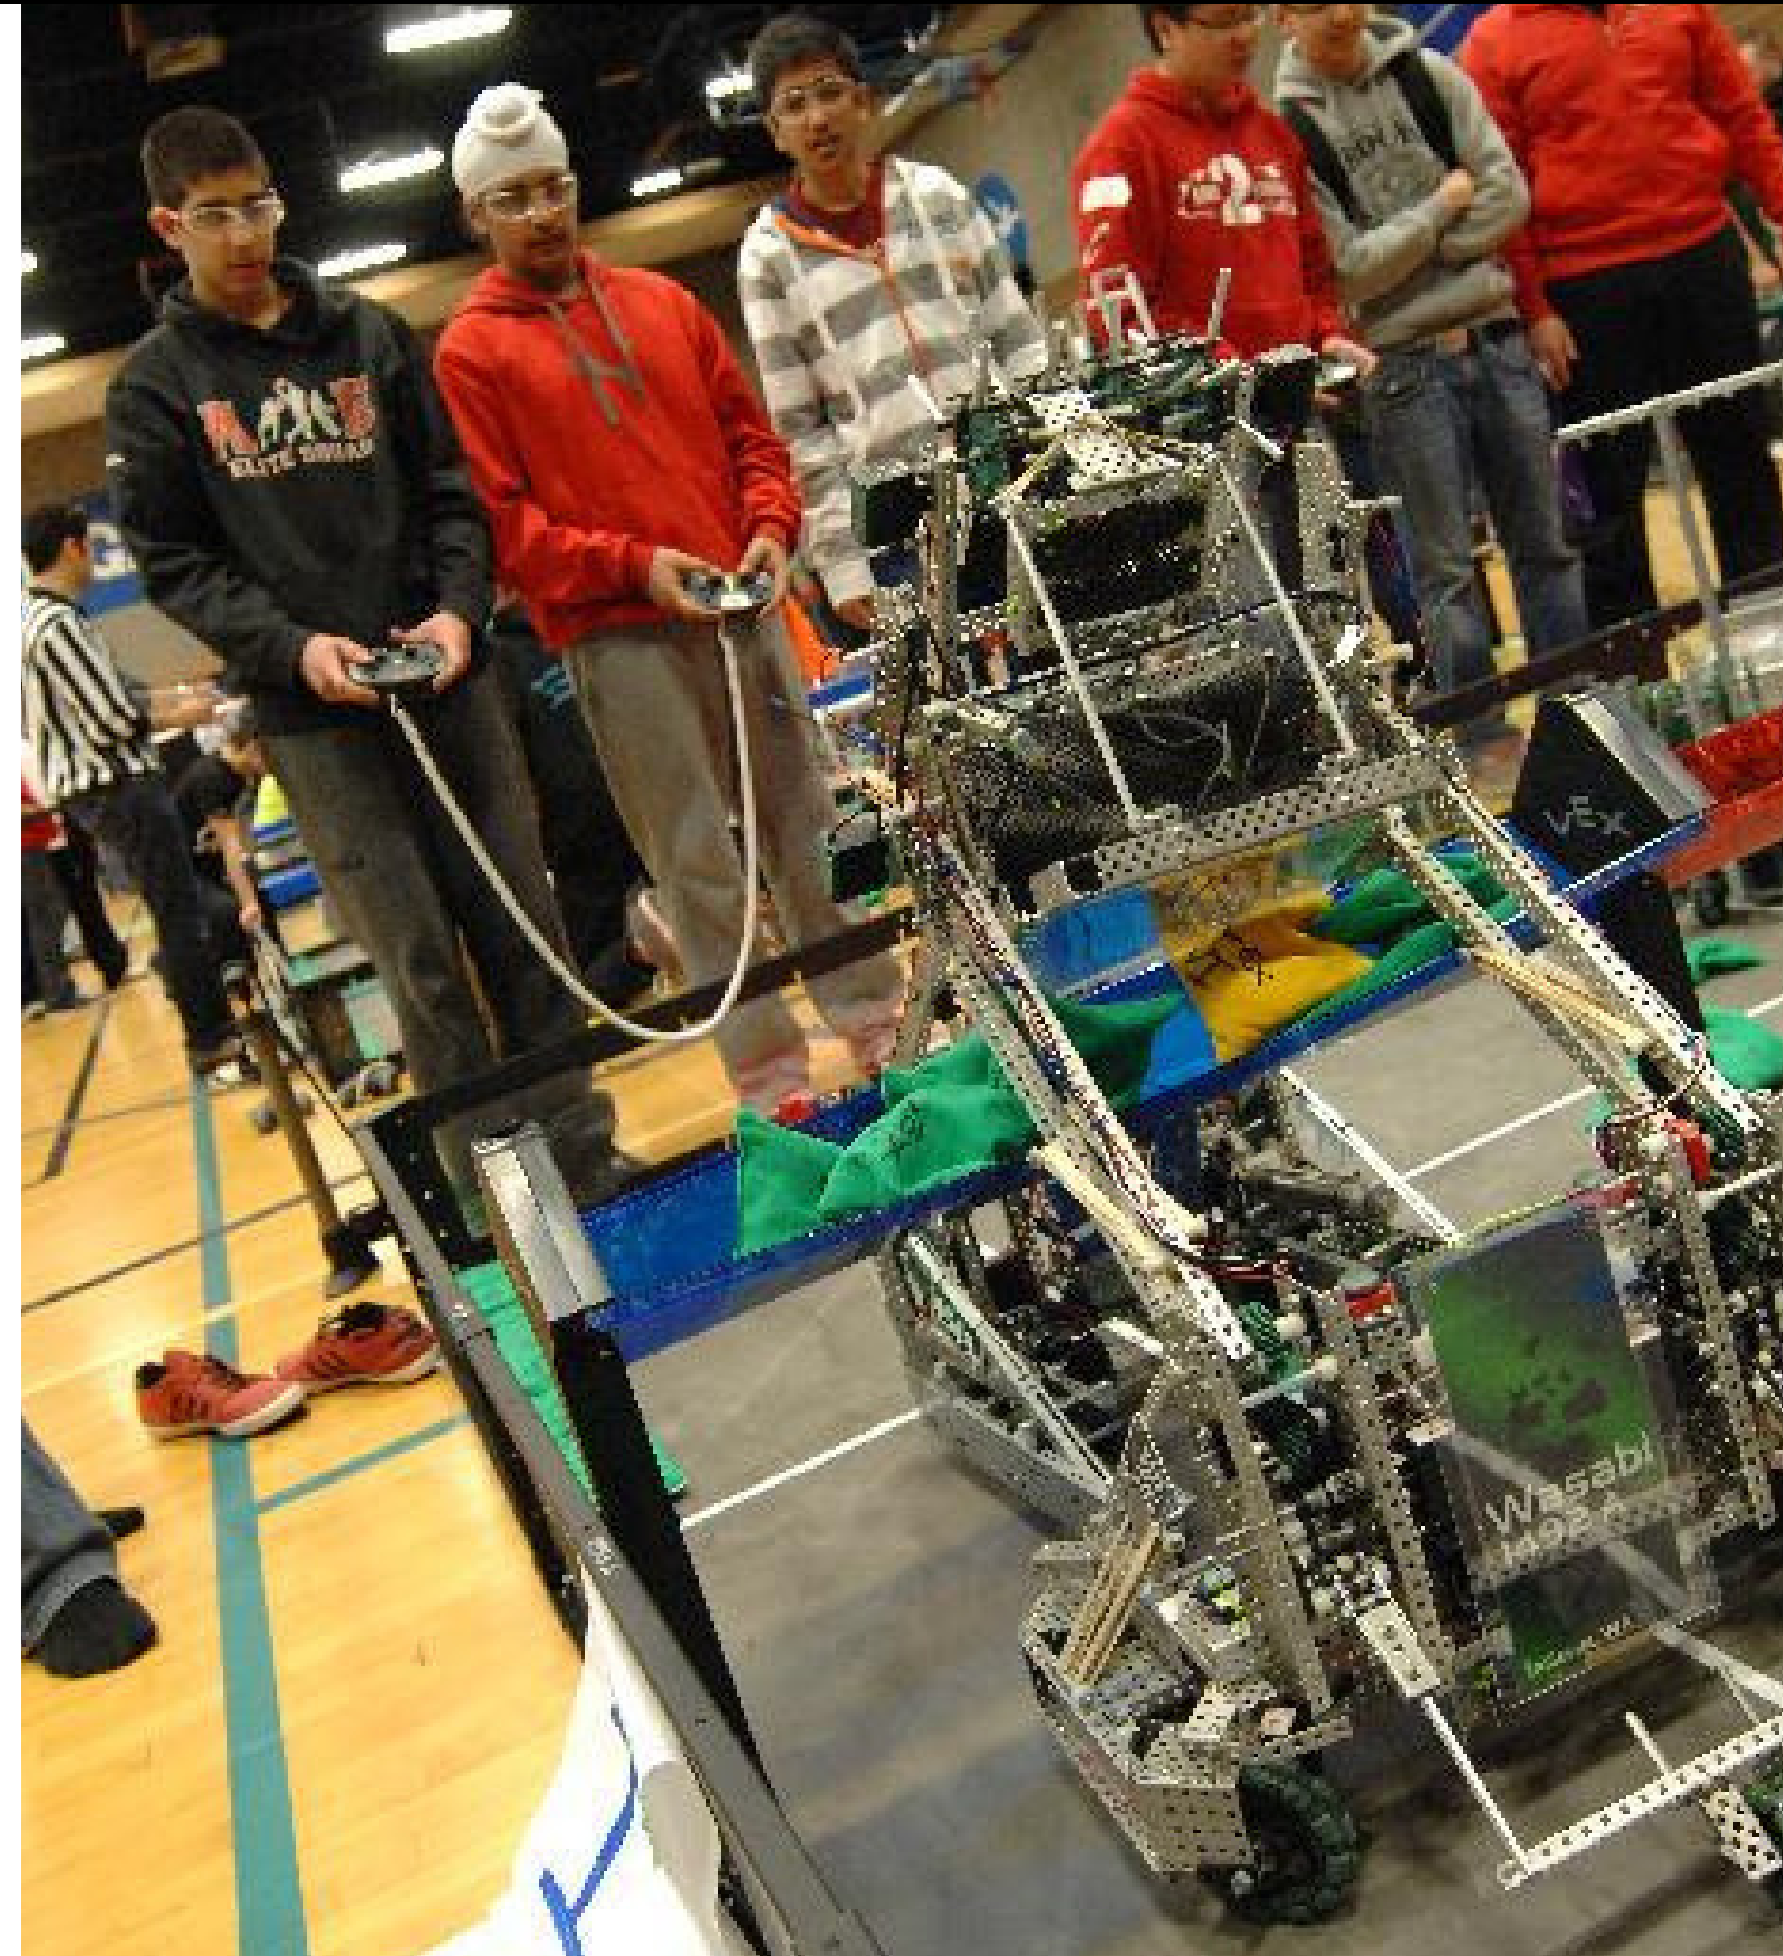

CEO of Fujitsu Ireland and president of Engineers of Ireland

HANDS-ON EXPERIENCE

Curriculum & Certifications

- CompTIA A+ Certification
- Robotics & Coding Training
- Mentorships
- Community-based Advocacy
- Summer Camp
- Technology Competitions

ENGAGEMENT & OUTREACH

- Responsive Website
- Member Portal
- Social Media
- Active Outreach & Engagement
- Press Releases
- Testimonials
- Customer Relations
- Key Events
